

4WD Twin Floor Water Tank

If you're serious about your 4WD adventures, you need a water tank, specifically designed for off-roading. Easy to install, these convenient water tanks will store fresh water, but versatile enough to hold diesel fuel.

- Built to last, using UV stabilised food grade polyethylene. BPA free.
- Our water tanks are available in a range of made-to-order colours.
- Can be made to store Diesel fuel. Contact us for a quote.
- Includes our 3 Year Manufacturer's Repair or Replacement Warranty.
